

Our programs provided a sense of peace to many individuals, and helped them at the hardest times of their lives. We have helped in many situations where:

- A dying owner wants to make sure his beloved pet will be looked after for the remainder of its natural life.
- An owner is no longer able to care for her pet due to a debilitating illness, age-related health problems or confinement to a nursing home.
- A family is losing their home and must have their pets rehomed.
- A child has become allergic and has to give up her cat.
